

**11th National Conference on Anticoagulant Therapy
May 5-7, 2011 • Boston, MA**

Exhibitor Information

The Conference:

The Anticoagulation Forum's conference provides a serious venue for open discussion and education on advances in anticoagulant therapy and in support of improved patient care. The 3-day meeting offers attendees the unique opportunity to meet with colleagues from around the world with wide-ranging anticoagulation research interests and expertise in the diagnosis and treatment of thrombotic disorders. The program includes special lectures focusing on recent advances and important issues in anticoagulation therapy, meet the experts lectures, poster presentations of original research, and exhibitors.

The Attendees:

The conference is attended by anticoagulation clinic directors and associated health professionals. The majority of the attendees are pharmacists, physicians and nurses providing direct care in the field of anticoagulation. We anticipate over 700 attendees.

Exhibit Location:

Exhibitor tables will be set up in the Grand Ballroom Foyer. This is directly outside the general session and in the same area as the Welcome Reception, meals, and coffee breaks.
