

Thrombosis Prevention Forum 2010

Saturday, April 10

Boston, MA

This CME accredited program focuses on the improvement of patient care through advancement of thrombosis education. This is a unique educational experience, allowing patients and their families to interact with the healthcare professionals who carry out research, provide clinical care, or work on public policy or advocacy.

Topics include:

- Pulmonary Embolism and DVT
- Myocardial Infarction
- Acute Coronary Syndrome
- Anticoagulant Drug Safety

The Thrombosis Prevention Forum is CME accredited for physicians, nurses, and pharmacists. Register online at www.natfonline.org/prevention_forum2010.php
